YUKON BIRDATHON

FEATURE BIRDER ~ TRACY ALLARD

A Yukoner since 1996, Tracy Allard has been actively involved with the Yukon Bird Club and the birding community since 2010. An avid eBirder, she records dozens of bird sightings each week on the on-line eBird database, and frequently travels to bird. Tracy learned much about birdwatching from the late, legendary Yukon birder and conservationist, Helmut Grünberg. She now helps point the way for other new birders and is a field trip leader and director with the Yukon Bird Club. We wish Tracy a happy and exciting birding blitz as the Feature Birder for the 33rd annual *Helmut Grünberg* Yukon Birdathon!
